You must make changes to your benefits within 30 days of the event.

How to Enroll?

You'll need to complete your benefits enrollment in Workday within 30 days of your hire date. To get started, simply access the Workday tile through your Okta dashboard. Once you're in, you will be guided through a new hire enrollment event in your selected benefits.

You have the option to set aside pre-tax dollars to help cover a variety of expenses through Flexible Spending Accounts (FSAs). Choose between a Health Care FSA or Limited Purpose FSA to pay for eligible medical, dental, and vision expenses, and a Dependent Care FSA to cover childcare, after-school care, or elder care expenses—all up to the annual IRS limits. These accounts help you save money while planning ahead for everyday needs.
